Mr. Louis Wassmer attempted to take he own life yesterday at daybreak by drinking landanum.

As soon as it was discovered that he had taken an overdose of the drug a messenger was dispatched for a physician. Dr. T. E. Stratton soon arrived and not long after hom came Dr. Gordon and one of the phy-scrats at the almshouse.

Struck Him with a Bar.

A difficulty occurred yesterday morning in Charles Jackson's bar-room, on the northeast corner of Broad and Eighth streets, between two negroes named William Lewis and Robert Bolling. In the fracas Bolling was struck on the head with an iron-bar and received a very severe scalp-wound. The ambulance was called and the physician dressed Bolling's head. Lewis was arrested and locked up in the Second-police station.

[Special telegram to the Dispatch.] (Special telegram to the Dispatch.)

Weeling, November 21.—At 1 o'clock today the immense bridge across Wheeling
creek, on which the Baltimore and Ohio
depot is built, gave away and an engine,
tender, and baggage-car were thrown into
the creek below. A large number of passengers were in the depot at the time, but
all happened to be on the west side, which
remained intact, or a big calamity would
have occurred. Engineer Trient. Fireman

Mr. Tuder to Arrive To-Day.

Rev. Dr. W. V. Tuder, the new paster for Broad-Street Methodist church, will arrive here this afternoon by the fast mail from Washington, D. C., and will be met by the official body of the church, and will preach there Sunday at 11 A. M. and 8 P. M. This divine comes from Norfolk, where for the past four years he has had large audiences at Granby-Street church. His attainments are of a high order, and his deep research into bibbical literature has placed him in the front rank among the ministers of this country.

A BEAUTIPUL SECTION.

There is naturally no more beautiful section of the city than the East End, and now that the street-car lines have annihilated distance, an impetus has been given in the East End to building and to other improvements that must result in its becoming one of the most popular residential pertions of Richmond. Level-headed business-men have seen this and are preparing for it, and while it is not claimed that East-End property is on a "boom," it is claimed and can be demonstrated that it is only a question of a very short time when such property will be among the best real estate investments in the city.

Among those who have taken time by the forelock in this matter are the gentlemen composing the Fairmount Land Company. The charter of this company was granted by the Circuit Court of the city of Richmond on the 10th of this month. The minimum amount of capital stock required for organization is \$100.000, and the maximum amount is \$300.000—the shares to be \$100 each. The officers are: President, John H. Dinneen, Richmond; Vice-President, Dr. John Mahony, Richmond; Secretary, Fred. C. Brauer, Jr., Richmond; Tensurer, N. W. Bowe, Richmond; Directors, John H. Dinneen, John Mahony, F. C. Brauer, J. Taylor Ellyson, H. A. Tabb, E. Ulmun, and Joseph Wallerstein. The company have secured about

The terms of payments for stock are liberal and easy. Only ten dollars in cash on each share is required apon subscription and the balance is payable in monthly instalments, thus placing the opportunity for investment in reach of those of moderate means. As the city and suburbs are already built up to the company's property and nearly around it, it will be readily understood that the progress of improvement and extension must soon be through it, and that the property must increase rapidly in value.

As a site for homes for our skilled mechanics and other workmen the Fairmount Land Company's property offers attractions and inducemenes that are unexcelled. It is in easy reach of the wharves of the Richmond Locomotive-Works, of the Chesapeake and Ohio railroad shops, and of numerous other industries in the lower part of the city—near enough to make the walk to and from work pleasant, yet are enough to be out of the smoke and dust of the industrial section. The beauty of its environments, its pure air, nearness to parks, churches, market, schools, public halls, society halls, etc., cannot ful to engender in those who make their homes there that home feeling and sense of right of possession that is almost impossible in the crowded tenement section.
